

Solution and results: making the Double Axel Club purchasable by AI

Victory Skating / VSA 6-Month Double Axel Club. Recorded on October 9, 2026. The same questions as the Baseline report, in the same order, now answered through the AI commerce layer, followed by how the layer works.

How the test was run

The DeepSeek chat app cannot connect to external tools, so the same DeepSeek model was used through its API (deepseek-v4-pro) in a terminal chat that gives it the four commerce tools of the MCP server: `search_offerings`, `get_offering_details`, `check_availability` and `create_checkout_link`. The lines starting with "->" in the screenshots are the tool calls the model decided to make on its own. As in the Baseline test, questions 1 to 7 were each asked in a new conversation, and questions 8 and 9 are multi-turn conversations in their own chats. Full transcripts are in the repository under `docs/transcripts/after`.

How the assistant now gets the product information

The product data no longer comes from guessing over web pages. It is read once from the Tilda page, checked, stored as a structured catalog, and combined with the business rules the page does not state: the club runs every weekend and can be joined any time, and the checkout bills \$299 every 6 months, renews automatically and is non-refundable. The assistant asks the MCP server, and the server answers from that catalog. Class times are computed for the customer's timezone and date, not copied from the page.

Results

- **Every conversation finds the right product**, for both "Victory Skating" and "VSA", and gives the same correct facts: \$299 (list \$699), 48 classes on Saturdays and Sundays, 45 minutes, Coach Marta, Level 3.
- **Billing terms are stated before payment**: billed every 6 months, renews automatically, non-refundable, cancel 48 hours before renewal.
- **November 6 is answered**: yes, the next sessions are Saturday 7 and Sunday 8 November, in the customer's timezone (22:00 in Bangkok, not the 21:00 shown on the page).
- **"I want to join" returns the real checkout**: the Stripe Payment Link from the page, with the conversation id attached for attribution, and the customer's email prefilled when given.
- **No invented details**: no Zoom, no per-class plan, no wrong prices, no competitors.

Before and after

#	Before	After	Enroll / pay
1	Says there is no Double Axel program	Finds the club with full details and billing terms	No > Offered
2	"No standalone program"	Finds the club; states the prerequisite	No > Offered
3	"Nothing under \$350"; offers a \$699 program	"Exactly what you're looking for": \$299, under budget	No > Offered
4	Price only; inclusions from another club	Price, billing terms and every inclusion	No > Offered
5	No details; names a competitor	Yes, with details; asks timezone and current level	No > Offered
6	"Can't confirm"; wait for the next cycle	Yes: Sat Nov 7 and Sun Nov 8, then every weekend	No > Offered
7	Coach and class count "not specified"	Coach Marta, Level 3, 48 classes, 15:00 London	No > Offered
8	Competitors win; no way to join	Club, Nov 7 start, checkout link, email prefilled	No > Yes
9	Page unreachable; another club's facts	Same facts; 22:00 Bangkok; billing terms; checkout	No > Yes

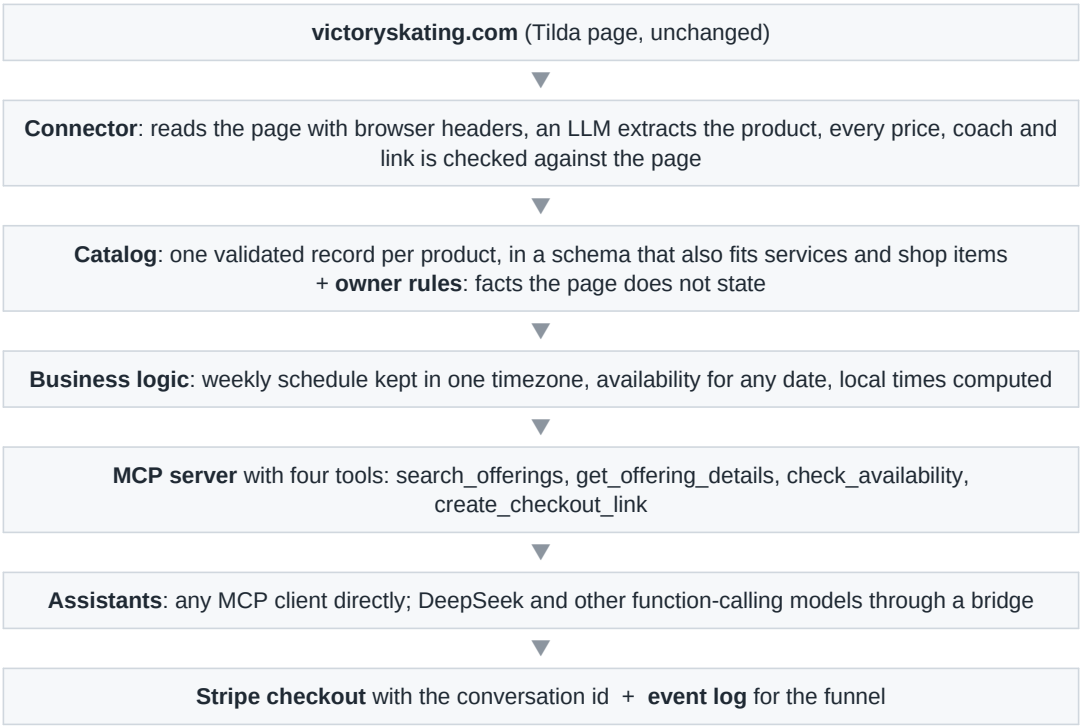

"Offered": the assistant offers to create the checkout link; questions 1 to 7 stop before the customer asks for it.

The information the assignment asks the AI to retrieve

Field	What the assistant returns	Tool
Product name	6-Month Double Axel Club	search_offerings
Brand	Victory Skating Academy; found as "Victory Skating" and as "VSA"	search_offerings
Online Double Axel program	Live online off-ice group training for the Double Axel	get_offering_details
Price	\$299 (list price \$699), about \$6.23 per class	get_offering_details
Duration	6 months; billed every 6 months, renews automatically, non-refundable	get_offering_details
Coach	Coach Marta, with her background	get_offering_details
Schedule	Saturdays and Sundays, 45 minutes, 07:00 Los Angeles time, shown in the customer's timezone	get_offering_details, check_availability
Number of classes	48	get_offering_details
Program description	Technique, power, rotation and progression modules; inclusions; equipment	get_offering_details
Skater level	Level 3, for skaters already landing double jumps off-ice	get_offering_details
Current enrollment option	Open continuously; free on November 6 means starting Saturday, November 7; access within 24 hours	check_availability
Checkout / payment action	The Stripe Payment Link from the page, with the conversation id; email prefilled on request; terms stated first	create_checkout_link

How it works

The website stays as it is. The layer sits outside it: it reads the business's existing page, keeps a structured copy, adds what the business knows but the page does not say, and exposes it through tools an assistant can call in the middle of a conversation.

Landing-page text versus business logic

The page is treated as a source of facts, not as the rules. Where the two differ, the rule wins and the page text is kept only as context.

The page says	The system uses	Why
"Join us on October 10"	Rolling enrollment: join any time, start at the next session	Rule stated by the business; the date is one start, not a deadline
"9 - 9.45 PM (ICT)"	07:00 in Los Angeles; every other timezone computed per date	Page labels are wrong after clock changes: 22:00 in Bangkok in November
"\$299/6 months" and "monthly subscription"	\$299 every 6 months, renews automatically, non-refundable	Read from the Stripe checkout, the place the customer actually pays
"\$6 / Class"	Derived: \$299 / 48 classes = \$6.23	Not a separate way to pay
Nothing about the platform	Platform left empty	An extraction that says "Zoom" is rejected because the page never says it

Enrollment, checkout and tracking

When the customer says they want to join, create_checkout_link returns the business's real checkout, the Stripe Payment Link behind the Register Now button. The assistant gets the price, renewal, cancellation and refund terms to state before the link, and the first session the customer can actually attend (access arrives up to 24 hours after payment). If the customer gives an email, it is prefilled on the checkout page.

The link carries the conversation id as client_reference_id. Stripe stores it on the payment, so a completed checkout can be traced back to the AI conversation that produced it. Every tool call is recorded with the same id, which turns "how much business did AI generate" into a funnel. Below: all test conversations on October 8 and 9.

```
victory-skating: 26 AI session(s)
  search                26
  offering_viewed       23  (88% of previous)
  availability_checked   8   (35% of previous)
  checkout_created      5   (62% of previous)
  payment_completed     0   (0% of previous)
  by channel: {'deepseek': 26}
  checkouts by offering: {'double-axel-club': 6}
```

Why DeepSeek runs through the API

The DeepSeek chat app cannot connect to external tools. The tools are defined once, in the MCP server; a small bridge connects to that server and offers the same tools to any model with function calling, DeepSeek included. Assistants that support MCP connect to the server directly.

Reuse for other products, businesses and platforms

Nothing outside the business's data folder knows about figure skating. The same schema describes a course, a salon service and a shop product, and a second business, an example Shopify store, already runs on the same server with no code changes.

Same for every business	Catalog schema, owner rules, schedule and availability logic, the four tools, the MCP server, the function-calling bridge, tracking and attribution, JSON-LD and llms.txt exports
Per business	A data folder: where the data comes from, the business profile, and the owner's rules
Per platform	One connector class with two methods: fetch (read the source) and extract (turn it into the catalog schema)

Platform	Status	What changes
Tilda and custom websites	Built	HTML pages; an LLM extracts the product and every fact is checked against the page
Shopify	Built; tested on a live public store (692 products, 7,454 variants)	products.json mapped directly, no LLM; the cart link carries the conversation id
WordPress / WooCommerce	Connector to add	WooCommerce REST API, or schema.org markup on the pages; checkout is the add-to-cart link
Mindbody	Connector to add	Public API for classes, appointments and staff; live slot availability replaces the weekly rule
Fresha	Connector to add	Public booking pages; the booking page is the checkout

Everything after the connector stays the same. One server serves all businesses, each isolated by its business id, rather than one server per business. For assistants that only read, the same catalog is exported as schema.org JSON-LD ready to paste into the Tilda page head, an llms.txt file and a JSON feed.

Before using this in production

Live data where it matters	Availability and capacity from the booking system; prices confirmed against the payment provider rather than the page.
Payments	A Stripe webhook endpoint with signature checks, turning paid checkouts into events, so revenue per channel and per question is measurable.
Storage and refresh	Catalogs, rules and events in a database keyed by business; the page is re-read on a schedule. Changes to prices, checkout or schedule already wait for approval; in production that becomes a review queue with notifications.
Owner workflow	A screen where the business confirms extracted data and states rules such as "joinable any time", instead of editing a file.
Remote access	MCP over HTTPS with OAuth, the business taken from the token, rate limits and an audit log of tool calls.
Quality checks	A fixed set of customer questions run against every model or prompt change, checking which tools are called and which facts are given, as done by hand for this report.
Privacy	Retention rules for conversations and redaction of personal details before analytics.

Deliberately not built

No vector database or RAG: with a handful of structured offerings, exact filters are more reliable and explain every match. No custom chat interface: the customer's own assistant is the interface. No changes to the website: the layer works from the outside, which is the product model.

Evidence: the nine questions

Screenshots of each conversation, in the same order as the Baseline report.

Question 1

Does Victory Skating have an online Double Axel training program?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> Does Victory Skating have an online Double Axel training program?

You: Does Victory Skating have an online Double Axel training program?
-> search_offerings(query="online Double Axel training program")
-> get_offering_details(offering_id="double-axel-club")

Assistant: Yes – Victory Skating Academy offers an online Double Axel program called the **6-Month Double Axel Club**.

Here are the key details:

- **What it is:** Live online off-ice group training, Level 3, for skaters who already land double jumps off-ice and want to master the Double Axel.
- **Coach:** Coach Marta (international skating coach with a degree in Physical Education).
- **Schedule:** Two live 45-minute classes every Saturday and Sunday – 48 classes over 6 months. Next session is Saturday, 10 Oct 2026.
- **What's included:** 48 live classes, a free 4-day 2Axel Workbook, a $5 discount on your next private class, and 2 free group-class passes for friends or family.
- **What you'll need:** Sneakers, a jump rope, an off-ice spinner, stable internet, and some space to train.
- **Price:** $299.00 USD (list price $699), billed **$299 every 6 months and renews automatically until cancelled**. It's non-refundable, and you can cancel at least 48 hours before the next payment date via the Subscriptions link in your confirmation email.

Enrollment is open continuously – you can join any time and start at the next scheduled session.

Would you like me to check availability for a specific date, or help you enroll? If you'd like local class times, let me know your timezone.

You> █
```

Tools called	search_offerings, get_offering_details
Product found	Yes, the 6-Month Double Axel Club.
Facts given	Level 3, Coach Marta, Saturday and Sunday, 45 minutes, 48 classes, inclusions, equipment, \$299 (list \$699) billed every 6 months, auto-renewing, non-refundable, joinable any time.
Can enroll or pay	Offers to check a date or help enroll.
Before	"Does not appear to offer a dedicated Double Axel training program."

Question 2

Does VSA offer online training for Double Axel?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> Does VSA offer online training for Double Axel?

You: Does VSA offer online training for Double Axel?
-> search_offerings(query="online training for Double Axel")
-> get_offering_details(offering_id="double-axel-club")

Assistant: Yes – VSA offers a dedicated online program for the Double Axel:

**6-Month Double Axel Club** (Level 3, online off-ice group training)
- **What it is:** Live online group classes focused entirely on mastering the Double Axel off-ice – approach and set-up, rotation/height, precise landings, plyometric drills, core strength, and double-revolution drills for muscle memory.
- **Coach:** Coach Marta (international figure skating coach, trained in Poland and Finland).
- **Schedule:** Two live 45-minute classes every Saturday and Sunday – 48 classes over 6 months.
- **Prerequisite:** You should already be proficient with double jumps off-ice.
- **Price:** $299 (regularly $699) every 6 months, renewing automatically until cancelled. Non-refundable; cancel at least 48 hours before the next payment date.
- **Includes:** 48 live classes, a free 4-day 2Axel Workbook, a $5 discount on your next private class, and 2 free group-class passes for friends or relatives.

It's open continuously, so you can join any time and start at the next session.

Want me to check availability for a specific start date or timezone, or would you like help enrolling?

You> █
```

Tools called	search_offerings, get_offering_details
Product found	Yes, by the short brand name.
Facts given	Same facts as question 1, plus the prerequisite: proficiency in double jumps off-ice.
Can enroll or pay	Offers to check a date or help enroll.
Before	Private lessons only, "rather than a standalone public program".

Question 3

I'm looking for an online Double Axel training program under \$350 for six months. Does Victory Skating have anything?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> I'm looking for an online Double Axel training program under $350 for six months. Does Victory Skating have anything?

You: I'm looking for an online Double Axel training program under $350 for six months. Does Victory Skating have anything?
-> search_offerings(query="online Double Axel training program under $350 for six months", max_price=350)
-> get_offering_details(offering_id="double-axel-club")

Assistant: Yes – Victory Skating has exactly what you're looking for. 🏆

**6-Month Double Axel Club** – $299 USD for 6 months (under your $350 budget)

- **Format:** 100% online, live off-ice group classes
- **Schedule:** Two live 45-minute classes each week – Saturdays and Sundays with Coach Marta
- **Total:** 48 live classes over 6 months (works out to about $6.23 per class)
- **Level:** Level 3 – for skaters who already land double jumps off-ice and want to master the Double Axel
- **Focus:** approach and set-up, generating rotation and height, precise landings, plyometric/bounding drills, core strength, and double-revolution drills for muscle memory
- **Included extras:** Free 4-day 2Axel Workbook, $5 off your next private class, and 2 free group-class passes for friends/family
- **Equipment needed:** sneakers, jump rope, off-ice spinner, stable internet, and space to train

You can join at any time and start at the next scheduled session – the "October 10" date on the page is just one start of the recurring program, not a deadline.

Would you like me to check availability for a specific start date or timezone, or would you like to go ahead and enroll?

You> 
```

Tools called	search_offerings (max_price=350), get_offering_details
Product found	Yes: "Victory Skating has exactly what you're looking for."
Facts given	\$299 for 6 months, under the budget, about \$6.23 per class; explains that the October 10 date on the page is one start of a recurring program, not a deadline.
Can enroll or pay	Offers to check a date or enroll.
Before	"Nothing under \$350"; offered a \$699 program for a different jump.

Question 4

How much is the Victory Skating / VSA Double Axel Club and what is included?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> How much is the Victory Skating / VSA Double Axel Club and what is included?

You: How much is the Victory Skating / VSA Double Axel Club and what is included?
-> search_offerings(query="Double Axel Club")
-> get_offering_details(offering_id="double-axel-club")

Assistant: Here's what the **6-Month Double Axel Club** includes:

**Price:** $299.00 USD (list price $699 – 57% off), billed **$299 every 6 months**, renewing automatically until cancelled. It is non-refundable, and you can cancel at least 48 hours before the next payment date via the Subscriptions link in your confirmation email. That works out to about $6.23 per class.

**What it is:** Level 3 online off-ice group training for skaters who already land double jumps off-ice and want to master the Double Axel.

**What's included:**
- 2 live 45-minute group classes every Saturday and Sunday with Coach Marta
- 48 live group classes over 6 months
- Free 4-day 2Axel Workbook
- $5 discount on your next private class
- 2 free group-class passes for friends or relatives
- Structured 6-month progression
- Confirmation email right after enrollment, with session links and details within 24 hours

**Requirements/equipment:** sneakers, jump rope, off-ice spinner, stable internet, and some space to train.

**Prerequisite:** proficiency in double jumps off-ice.

Want me to check availability for the next session or help you enroll?

You> █
```

Tools called	search_offerings, get_offering_details
Product found	Yes.
Facts given	\$299 (57% off \$699), billing and cancellation terms, every inclusion from the page, schedule, coach, prerequisite, equipment.
Can enroll or pay	Offers to check availability or help enroll.
Before	Price only; inclusions taken from another club; no billing terms.

Question 5

I want online training to improve my Double Axel. Can I join the VSA program?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> I want online training to improve my Double Axel. Can I join the VSA program?

You: I want online training to improve my Double Axel. Can I join the VSA program?
-> search_offerings(query="online training to improve my Double Axel")
-> get_offering_details(offering_id="double-axel-club")

Assistant: Yes – VSA has a program that matches your goal exactly: the **6-Month Double Axel Club**.

Here's what it is:

- **What:** Level 3 online off-ice group training for skaters who already land double jumps off-ice and want to master the Double Axel.
- **Coach:** Coach Marta (international experience, trained at MKS Axel Toruń and with Team Mayer-Virtanen).
- **Schedule:** Two live 45-minute classes every **Saturday and Sunday** – 48 classes over 6 months.
- **Prerequisite:** Proficiency in double jumps off-ice. If you're not yet confident with double jumps, the related Double Jumps Club would be the better starting point.
- **Price:** $299 USD every 6 months (regularly $699), renews automatically until cancelled. It's non-refundable, and you can cancel at least 48 hours before the next payment date via the Subscriptions link in the confirmation email.
- **Enrollment:** Open continuously – you can join any time and start at the next scheduled session (the "October 10" date on the page is just one start, not a deadline).

A couple of quick questions so I can help you further:
1. What's your timezone? I can give you the exact local class times.
2. Are you already landing double jumps off-ice (Salchow, toe loop, loop, flip, lutz)? That's the entry requirement for this club.

You> █
```

Tools called	search_offerings, get_offering_details
Product found	Yes, with the full description.
Facts given	Coach, schedule, price and terms; states the entry requirement and points to the Double Jumps Club only if the skater is not there yet; asks for the timezone.
Can enroll or pay	Asks two qualifying questions before enrolling.
Before	No details; recommended a competitor in the same answer.

Question 6

I'm free on November 6. Can I join the VSA Double Axel program around that time?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> I'm free on November 6. Can I join the VSA Double Axel program around that time?

You: I'm free on November 6. Can I join the VSA Double Axel program around that time?
-> search_offerings(query="VSA Double Axel program")
-> check_availability(offering_id="double-axel-club", date="2026-11-06")

Assistant: Yes, you can join! The 6-Month Double Axel Club (Level 3, for skaters who already land double jumps off-ice and want to master the Double Axel) has rolling enrollment, so you can start at any upcoming session.

Here's what I found around November 6:

- **First available session:** Saturday, November 7, 2026, 7:00-7:45 AM PST (classes are every Saturday and Sunday)
- Since you're free on Friday, Nov 6, you'd start the very next day on Saturday, Nov 7.
- Next sessions: Sun Nov 8, Sat Nov 14, Sun Nov 15, all at 7:00-7:45 AM.

To show these class times in your local time, could you tell me your timezone? (The times above are shown in US Pacific time.)

You> 
```

Tools called	search_offerings, check_availability (date=2026-11-06)
Product found	Yes.
Facts given	"Yes, you can join." First session Saturday, November 7, 07:00 Pacific; then November 8, 14 and 15. Explains rolling enrollment.
Can enroll or pay	Offers to show local times and enroll.
Before	"I can't confirm whether November 6 works"; suggested waiting for the next cycle.

Question 7

Who coaches the VSA Double Axel Club, what level is it for, how many classes are there, and what time are the classes for me in London?

New conversation.

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> Who coaches the VSA Double Axel Club, what level is it for, how many classes are there, and what time are the classes for me in London?

You: Who coaches the VSA Double Axel Club, what level is it for, how many classes are there, and what time are the classes for me in London?
-> search_offerings(query="VSA Double Axel Club")
-> get_offering_details(offering_id="double-axel-club", timezone="Europe/London")

Assistant: Here are the details for the **6-Month Double Axel Club**:

**Coach:** Coach Marta (figure skating coach with international experience; trained at MKS Axel Toruń in Poland and with Team Mayer-Virtanen in Finland).

**Level:** Level 3 – for skaters who already land double jumps off-ice and want to master the Double Axel.

**Number of classes:** 48 live group classes over 6 months (2 per week, on Saturdays and Sundays, 45 minutes each).

**Class times for you in London:** The next session is **Saturday, 10 October 2026 at 15:00–15:45 BST**, with classes every Saturday and Sunday. (Note: local times can shift slightly when the clocks change.)

Would you like me to check availability around a specific date, or help you enroll?

You> █
```

Tools called	search_offerings, get_offering_details (timezone=Europe/London)
Product found	Yes.
Facts given	Coach Marta with her background, Level 3, 48 classes, and 15:00 to 15:45 BST in London, with a note that local times shift when clocks change.
Can enroll or pay	Offers to check a date or enroll.
Before	Coach "not named", class count "not specified", level vague.

Question 8: the sales flow from the assignment

One conversation: under \$350, then November 6, then "I want to join."

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> I want to improve my Double Axel and I'm looking for an online program under $350.

You: I want to improve my Double Axel and I'm looking for an online program under $350.
-> search_offerings(query="improve my double axel online program", max_price=350)
-> get_offering_details(offering_id="double-axel-club")

Assistant: Here's the perfect fit for your Double Axel goal:

**6-Month Double Axel Club** – Level 3 online off-ice group training
- **Price:** $299 (list price $699, 57% off)
- **Billing:** $299 every 6 months, renews automatically until cancelled
- **Refunds:** Non-refundable
- **Cancellation:** Cancel at least 48 hours before the next payment date via the Subscriptions link in your confirmation email
- **What you get:** 48 live group classes over 6 months – two 45-minute classes every Saturday and Sunday with Coach Marta
- **Prerequisite:** Proficiency in double jumps off-ice
- **Focus:** Double Axel approach and set-up, rotation and height, precise landings, plyometric/bounding drills, core stability, and double-revolution drills for muscle memory
- **Also included:** Free 4-day 2Axel Workbook, $5 off your next private class, and 2 free group-class passes for friends/family
- **You'll need:** Sneakers, jump rope, off-ice spinner, stable internet, and some training space

Enrollment is open continuously, so you can join anytime and start at the next scheduled session. This program assumes you're already landing double jumps off-ice – if that's not quite where you are yet, the **6-Month Double Jumps Club** (also $299) would be the better prerequisite option.

Would you like me to check availability for a specific start date, or set you up with the enrollment link?

You> I'm free on November 6. Can I join around that time?

You: I'm free on November 6. Can I join around that time?
-> check_availability(offering_id="double-axel-club", date="2026-11-06")

Assistant: Yes, you can join around that time! The Double Axel Club is open for rolling enrollment, so you can start at any upcoming session.

The next sessions after November 6 (times shown in Pacific Time):
- **Sat 7 Nov 2026, 07:00-07:45 PST**
- **Sun 8 Nov 2026, 07:00-07:45 PST**
- **Sat 14 Nov 2026, 07:00-07:45 PST**
- **Sun 15 Nov 2026, 07:00-07:45 PST**

Since local class times matter, could you tell me your timezone so I can confirm the exact times for you? And if you'd like, I can set up your enrollment link to start on November 6.

You> I want to join.

You: I want to join.
-> create_checkout_link(offering_id="double-axel-club", date="2026-11-06")

Assistant: Here's your enrollment link for the **6-Month Double Axel Club**:

👉 **[Complete your enrollment and payment](https://buy.stripe.com/14AeVd6anbti69kcJ9dW1M?client_reference_id=af4ba1f319d24e5e973694153b335aa8)**

Before you pay, here are the key terms:
- **Price:** $299 (list price $699)
- **Billing:** $299 every 6 months, renews automatically until cancelled
- **Refunds:** Non-refundable
- **Cancellation:** Cancel at least 48 hours before your next payment date via the Subscriptions link in your confirmation email

After you pay:
- Access details arrive within 24 hours
- Your first session would be **Sat 7 Nov 2026, 07:00-07:45 PST**

Let me know if you'd like me to confirm class times in your local timezone!

You> 
```

The link from "I want to join" opens the business's real Stripe checkout: \$299, billed every 6 months.

Tools called	search_offerings (max_price=350), get_offering_details; check_availability (date=2026-11-06); create_checkout_link (date=2026-11-06)
Product found	Yes, as the first and only recommendation.
Facts given	All club facts and terms in the first answer; next sessions November 7, 8, 14 and 15; first session for this customer Saturday, November 7.
Can enroll or pay	Yes. buy.stripe.com/14AeVd6anbti69kcJ9dMM1M?client_reference_id=af4ba1f3... The id links the payment to this conversation. A follow-up message, "My email is vladimir.mizin1@gmail.com. I want to join.", produced the same link with prefilled_email, so the checkout opens with the email filled in (see the transcript).
Before	A competitor's course ranked first; VSA dropped from the conversation; "I want to join" led to competitors.

Question 9: with the product page link

One conversation, five messages: details, November 6, Bangkok time in November, payment terms, "I want to join."

```
deepseek-v4-pro (tools). Empty line or Ctrl+C to quit.

You> https://victoryskating.com/doubleaxel Tell me about this program: price, coach, schedule, number of classes and level.

You: https://victoryskating.com/doubleaxel Tell me about this program: price, coach, schedule, number of classes and level.
-> search_offerings(query="double axel program")
-> get_offering_details(offering_id="double-axel-club")

Assistant: Here's what I found for the program at victoryskating.com/doubleaxel:

# 6-Month Double Axel Club
**Level:** Level 3 (for skaters who already land double jumps off-ice and want to master the Double Axel)

**Price & billing:**
- **$299.00 USD** every 6 months (list price $699.00 – 57% off)
- Renews automatically every 6 months until cancelled
- **Non-refundable**
- Cancellation: cancel at least **48 hours before** the next payment date via the Subscriptions link in the confirmation email
- Works out to ~$6.23 per class (48 classes included)

**Coach:** Coach Marta – figure skating coach with international experience, trained at MKS Axel Toruń (Poland) and with Team Mayer-Virtanen (Finland), degree in Physical Education.

**Schedule:** 2 live 45-minute classes every **Saturday and Sunday**, 48 classes over 6 months. Enrollment is open continuously – you can join any time and start at the next session.

**Number of classes:** 48 live group classes over 6 months (2 per week).

**Prerequisites:** Proficiency in double jumps off-ice.

**What's included:**
- 48 live group classes over 6 months
- Free 4-day 2Axel Workbook
- $5 discount on your next private class
- 2 free group-class passes for friends/family
- Structured 6-month progression
- Session links/details within 24 hours of payment

**Equipment needed:** sneakers, jump rope, off-ice spinner, stable internet, and some space to train.

**Upcoming session times** (Saturday, 10 Oct 2026), shown for reference:
- America/Los_Angeles: 07:00–07:45 PDT
- America/Denver: 08:00–08:45 MDT
- America/Chicago: 09:00–09:45 CDT
- America/New_York: 10:00–10:45 EDT
- Europe/London: 15:00–15:45 BST
- Europe/Berlin: 16:00–16:45 CEST
- Asia/Bangkok: 21:00–21:45 UTC+07

If you tell me your timezone, I can confirm the exact local class times for you. Would you like to know anything else about this program?

You> I'm free on November 6. Can I join around that time?

You: I'm free on November 6. Can I join around that time?
-> check_availability(date="2026-11-06", offering_id="double-axel-club")

Assistant: Yes, you can join around then. ☒ Enrollment is **open continuously**, so you can start at any upcoming session – November 6 is not a deadline.

If you sign up now, your first class would be the next session after that date:

- **Saturday, 7 Nov 2026**, 07:00–07:45 PST (America/Los_Angeles time)
- Then **Sunday, 8 Nov 2026**, 07:00–07:45 PST
- Then **Saturday, 14 Nov 2026** and **Sunday, 15 Nov 2026**, same time

Note: those times are shown in Pacific time. If you tell me your timezone, I can confirm the exact local class times for you.

Would you like me to set up the checkout link so you can join?
```

You> What time would the classes be for me in Bangkok in November?

You: What time would the classes be for me in Bangkok in November?

-> `check_availability(date="2026-11-06", offering_id="double-axel-club", timezone="Asia/Bangkok")`

Assistant: Here are your class times in Bangkok (UTC+07) for November:

- **Saturday, 7 Nov 2026**: 22:00-22:45 (10:00 PM-10:45 PM)
- **Sunday, 8 Nov 2026**: 22:00-22:45
- **Saturday, 14 Nov 2026**: 22:00-22:45
- **Sunday, 15 Nov 2026**: 22:00-22:45

So the classes run **10:00 PM-10:45 PM** Bangkok time, every Saturday and Sunday.

Would you like me to set up the checkout link so you can join?

You> Is it a one-time payment or a subscription? Does it renew, and can I get a refund?

You: Is it a one-time payment or a subscription? Does it renew, and can I get a refund?

Assistant: Great questions – here's how the billing works for the **6-Month Double Axel Club**:

- **Payment type**: It's a **subscription**, not a one-time payment.
- **Price**: \$299.00 USD, billed **every 6 months**.
- **Renewal**: Yes, it **renews automatically every 6 months** until you cancel.
- **Cancellation**: You can cancel at least **48 hours** before the next payment date via the Subscriptions link in the confirmation email.
- **Refund**: It is **non-refundable**.

So the \$299 covers 6 months (48 classes), and it will continue to auto-renew unless you cancel ahead of the next billing date.

Would you like me to create the checkout link so you can enroll?

You> I want to join.

You: I want to join.

-> `create_checkout_link(offering_id="double-axel-club", timezone="Asia/Bangkok", date="2026-11-06")`

Assistant: Here's your checkout link to join the **6-Month Double Axel Club**:

👉 **https://buy.stripe.com/14AeVd6anbti69kcJ9dMM1M?client_reference_id=9997df3dd9684beebfe648f39102fef7**

Before you pay, a quick reminder of the terms:

- **Price**: \$299.00 USD (57% off the \$699.00 list price)
- **Billing**: \$299.00 billed **every 6 months**, and it **renews automatically** until you cancel
- **Cancellation**: Cancel at least **48 hours** before the next payment date via the Subscriptions link in the confirmation email
- **Refunds**: Non-refundable

What happens next:

- Access details arrive within 24 hours of payment
- Your first class would be **Saturday, 7 Nov 2026, 22:00-22:45** Bangkok time (UTC+07)

Let me know if you have any other questions! 📧

Tools called	search_offerings, get_offering_details; check_availability (date=2026-11-06); check_availability (timezone=Asia/Bangkok); none for the billing question (answered from the earlier result); create_checkout_link (timezone=Asia/Bangkok, date=2026-11-06)
Product found	Yes. The tools do not depend on opening the page.
Facts given	Level 3, Coach Marta, 48 classes, price and terms. October 10 times in seven timezones, then for November: 22:00 to 22:45 in Bangkok, one hour later than the page shows, because the US changes clocks on November 1 and Thailand does not. "It's a subscription... renews automatically every 6 months... non-refundable."
Can enroll or pay	Yes. Checkout link, with the first class given in Bangkok time: Saturday, November 7, 22:00.
Before	Page unreachable; another club's level and coaches; no answer on date, Bangkok time or billing; sent to the app.

Where to look next

- Source code, architecture and design decisions: README in the repository.
- Full transcripts: docs/transcripts/after (this test) and docs/transcripts (API runs with and without tools).
- Baseline report: the same questions in the DeepSeek chat app, without the layer.
